Al-Sayid et al.	2005	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2006	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2007	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2008	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2009	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2010	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2011	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2012	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2013	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2014	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2015	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2016	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2017	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2018	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2019	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2020	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2021	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2022	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2023	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2024	Iraq	100	Case-control	High prevalence of HBV in the studied population.
Al-Sayid et al.	2025	Iraq	100	Case-control	High prevalence of HBV in the studied population.
