Dear sir or madam:

Idaho Wireless, Inc. is an Idaho corporation that my brother Paul Anderson founded in 1986. It owns and operates several radio stations in and near Pocatello.

He appointed me to be a director when he started the company. However, I have never attended any corporate meetings or received any compensation as a director in the thirteen years that Idaho Wireless has existed.

Please remove my name as a director of Idaho Wireless. If another agency records that information, I'd appreciate your forwarding this to them.

Sincerely,

*John Anderson*
