

- : ARTICLES OF INCORPORATION:-

OF THE

IDAHO ELECTRIC RAILWAY AND POWER COMPANY.

KNOW ALL MEN BY THESE PRESENTS that we, Joseph Bartlett; Frank C. Bond; George M. Parsons; Cassius M. Day and Frank A. Fenn, do hereby associate ourselves together for the purpose of forming, and we do hereby form and agree to become a corporation under and by virtue of the Laws of the State of Idaho, and for such purposes we hereby certify:

ARTICLE I.

The name of said corporation is the "Idaho Electric Railway & Power Company."

ARTICLE II.

The objects and purposes for which said corporation is formed, are, to locate, construct, furnish, equip, operate, maintain and enjoy a line of railway of standard gauge, to be operated by steam, electricity or other motive power, within the State of Idaho, between Boise City and the City of Lewiston, in said State of Idaho; and to locate, construct, furnish, equip, and maintain such branches thereof, either of standard gauge or otherwise, as the business of said corporation may require, together with such necessary side tracks, spurs, switches, depots and water tanks, station houses, machine shops, power houses, canals, dams, flumes and electric lines for all purposes; and such appliances of every kind as may be needed to properly carry on the business of the corporation.

Second. To receive, hold, take and convey, by deed or otherwise, such voluntary grants and donations of real estate and other property, which may be made to it, to aid and encourage the construction, maintenance and

accommodation of such railroad and power company.

Third. To purchase, locate, or by voluntary grants or donations, to receive, enter, take possession of, hold and use, all such real estate, franchises and other property, as may be necessary for the construction of such railroad and power company, and for all stations, depots, machine shops, power houses, canals, flumes, dams and other purposes necessary to successfully work and conduct the business of such railroad and power company.

Fourth. To lay out its road and take and hold its right of way, in accordance with the laws of the State and the United States, and to construct and maintain the same, with single or double track, side tracks and turnouts, and with such other necessary appendages and adjuncts, as may be necessary.

Fifth. To construct its road across, along, or upon any stream of water, water course, navigable stream, street, avenue or highway, or across any railway, canal, ditch, or flume, which the route of its road intersects, crosses or runs along, and to cross, intersect, join or unite its railroad with another railroad, either before or after construction, at any point upon its route.

Sixth. To purchase, locate or otherwise acquire, lands, water rights, timber, stone, gravel, or other material, to be used in the construction and maintenance of its railroad, canals and water power, water rights and other franchises, and all necessary appendages and adjuncts thereto.

Seventh. To convey passengers, freight, express matter, United States mail, and to do a general transportation business over its lines and to receive tolls and compensation therefor.

Eighth. To consolidate its stock, franchises and other property, with another railroad corporation, in accordance with the laws of this state

Ninth. To construct, maintain, operate, buy, sell, rent or lease, telegraph lines, telephone lines, either in connection with said railroad or otherwise, together with exchanges and electric plants of whatsoever nature; and to manufacture and to deal generally in electric machinery, apparatus, instruments and supplies.

Tenth. To purchase or otherwise acquire, build, maintain and operate, electrical or other machinery for the generation of power, together with all appliances for its generation and transmission; to build stations or power houses, with all necessary canals, aqueducts, flumes, conduits, ditches or dams, or electric lines, at any point or points along the line of said road or its branches, and to sell, lease, rent, or otherwise dispose of, for compensation, the power so acquired or generated, for power, heating or lighting purposes. ~~or generated for power  
heating or lighting purposes~~
