The remaining partners may elect within such period to dissolve the partnership. If no such election is made, the withdrawing partner shall be paid the fair value of his partnership interest in the manner and as herein determined as of the close of the month in which said thirty days' notice expires. The value of the partnership interest shall be paid by the partnership in cash.

The value of a limited partner's interest in the partnership shall be determined by appraisal of the partnership assets, including goodwill, if any, as of the date of withdrawal. In making the appraisal there shall be taken into account the capital account of the withdrawing partner, credits or debits in such partner's drawing account and such partner's proportionate share of net income or net loss of the partnership realized to the date of the appraisal; unless reflected in the drawing account.

The appraisal shall be made by an appraiser selected by the unanimous agreement of all the partners, including the withdrawing partner. 12. Withdrawal of Profits: At the end of each accounting year of the partnership and at such other times during the year as a partner shall demand such distribution by informing the other partners of such desire fifteen days in advance of such withdrawal date, each partner shall have the right to withdraw his respective share of the net earnings of the partnership provided that after such payment is made the partnership assets are in excess of all liabilities of the partnership, except liabilities to limited partners on account of their contribution and to the general partners.

If the share of the profits of any partner are not withdrawn by said partner, said amounts shall not constitute capital contributions to the partnership unless agreed upon by all of the partners. Any profits not withdrawn by any partner shall not draw interest as loans to the partnership except upon mutual agreement of all of the partners.
