Room 203
State House
Boise, ID 83720

Dear Sirs;

It has come to our attention that our annual corporate filings may contain some incomplete information. American Family Products International, Inc. has not duplicated the individuals in the "Director" section of the report who were listed in the "Officers" section. Therefore we would like to amend our reports to accurately reflect that all officers were also concurrently serving as directors.

Thank you for your assistance.

Russell D. McCrea
President AFPI
