Re: SANDYLAND DEVELOPMENT, INC., a Washington Corporation

Gentlemen:

It has been called to my attention that I am listed by your office as an officer of the above captioned corporation, which requested authorization to do business in the State of Idaho.

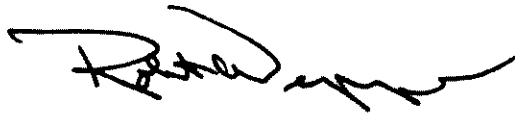

I was to have been an investor in the corporation. Mr. Paul Horn and Mr. Edward Grubbe, Jr. converted the monies I gave to them to their own uses and purposes and a corporate bank account was never opened. They used my name and my credit without authorization.

The corporation was never capitalized. It remained a shell, whose name was used to further the personal interests of Paul Horn and Edward Grubbe.

I understand Mr. Grubbe personally filed Chapter 13. He lives in Priest River. Any business inquiries or any inquiries from creditors should be directed to him.

The Washington corporation was never capitalized and has been dissolved. Please remove my name as an officer, if my name is, in fact, listed on the corporate authorization to do business in the State of Idaho.

Yours Truly,

Robert Deppe
