ARTICLE VII

MEMBERSHIP CERTIFICATES, VOTING POWER, AND DETERMINATION OF PROPERTY RIGHTS AND INTERESTS

Section 1. Each member shall be entitled to receive a certificate of membership, which certificate shall state the number of votes he is entitled to cast as a member of the Association.

Section 2. There shall be one membership in the corporation for each condominium in Sunburst Condominiums as established in the Declaration. The members of the corporation must be and remain owners of condominiums within the project set forth in the Declaration to be recorded in Blaine County, State of Idaho, and the Association shall include all owners of condominiums within the project. If title to a condominium is held by more than one person, the membership relating to that condominium shall be shared by all such persons in the same proportionate interest and the same type of tenancy in which the title to the condominium is held.

Section 3. No person or entity other than an owner may be a member of the Association provided, however, that a person who has the right to vote on behalf of an entity that is a member of the Association may serve as a director. A member shall not assign or transfer his membership certificate except in connection with the transfer or sale of a condominium. Every person or entity who is an owner of any condominium unit included in any condominium project for which the Association has been or may be designated as a Management Body shall be required to be a member of the Association and remain a member so long as such person or

entity shall retain the ownership of the condominium unit. Membership in the Association is declared to be appurtenant to the title of the condominium unit upon which such membership is based and automatically shall pass with the sale or transfer of the title to the unit. Members shall not have preemptive rights to purchase other memberships in the Association or other condominium units in the project.

Section 4. The voting rights and interests of a member of the Association shall be determined by the owner member's percentage interest in the "common area" of the condominium project described in the Declaration, as the term "Common Area" is defined in Section 55-1503 of the Idaho Code; therefore, the voting rights and interests of each member owner will not in all cases be equal. The Declaration, or an exhibit attached thereto, shall set forth the percentage interest of each member in the "common area" which interest depends upon the number and type of condominium units. The voting rights and interests of new members shall be determined in the same way as such percentage interests and rights were determined for old members.

Section 5. The total number of votes that attach to the membership certificates shall be exercised by the members of the corporation from and after the date of the incorporation. Each member shall be entitled to vote the same percentage of the 10,000 votes as he is given percentage in the "common area".

ARTICLE VIII

Each member shall be liable for the payment of assessments provided for in the Declaration and for the payment and discharge of the liabilities of the corporation as provided for in the Declaration, the Idaho Condominium Property Act (Title 55, Chapter 15) and as set forth in the Bylaws of the Corporation.

ARTICLE IX

The Bylaws of this Corporation may be altered, amended, or new Bylaws adopted by any regular or any special meeting of the corporation called for that purpose by the affirmative vote of two-thirds (2/3) of the members present at such meeting.

ARTICLE X

For purposes of specifying in detail the rights, responsibilities, duties and obligations of the Board of Directors, the officers, employees and agents of the corporation and the members thereof including the liability of the members for the payment of assessments, the Bylaws may incorporate by reference the provisions of the Declaration recorded in Blaine County, State of Idaho, provided that a true and correct copy of such Declaration is attached to and made a part of the Bylaws of the corporation.

ARTICLE XI

The business and affairs of the Association shall be managed and controlled by a Board of Directors. The original Board of Directors shall be three; however, the Bylaws of the

Association may provide for an increase or decrease in their number, provided that the number of directors shall not be greater than nine or less than three.
