The Secretary of State

Dear Sirs,

This letter is to inform you of changes and or corrections that need to be made to your records regarding: THE MUD SHACK, L.L.C.

To make a long story short, this document was filed without my actually seeing it, and as you can verify, I never signed it. I lent Michael Krause some money to start this business, a coffee shop for kids, no smoking, drinking, etc. I was to have no liability past my investment of the loan, I was to have no operating duties or responsibilities, etc. I totally stayed out of the business. I only asked to be paid back within 2 to 3 years, with minimal interest. My big mistake was to "help him" some more by cosigning on a lease. Well, he opened up in March, asked for more and more money, bounced some checks, then totally closed the doors in June, without my knowledge, leaving me holding the bag on lease and on some bills. The Landlord's agent called me and asked me what I was going to do about the back rent, and the future rent. In order to keep my name as clear as possible, I have paid and am continuing to pay the lease payments, etc. To date, after many letters and phone calls, Mike has never responded in any fashion, never offered any explanations, never offered any help. Needless to say, I feel like the biggest fool around. My wife confirms this diagnosis. I was shocked to discover that my name appears on your records. I did hire an Attorney to help me tie up some loose ends, and I want you to know that I verbally removed myself from this so-called LLC in June, prior to him closing up, and then upon advice of Counsel, wrote him a certified letter, which he signed for, on July 29, 1995.

The purpose of this letter is to ask you to remove my name from your files as having any interest in The Mud Shack, L.L.C. I do not want my name given out at all to anyone requesting information on this bad loan and bad decision.

Thank you for your help. Sincerely,

Jon Brougher
