This gift was completed in 1980 although by inadvertance the documentation was not executed at that time. The partnership, donor and donee have, since 1980, always proceeded on the basis that the gift had been made. Subsequent gifting documents, and all income tax returns filed in 1980 and thereafter have reflected the fact that the above gift had taken place. Immediately upon discovering that the documentation reflecting the gift had no been signed, in 1984, they were signed to reflect in writing the completion of the gift 1980.
