"In the matter of the incorporation of the Village of Hollister."

In this matter a petition was filed with the Clerk of the Board praying for the

incorporation of the Village of Hollister, purporting to be signed by a majority of the taxable inhabitants of said Village, setting forth the name they desired to assume and designating the metes and bounds of the proposed Village. The Board, having made a careful investigation in the matter and being fully advised in the premises, found as follows:

1. That said petition is signed by a majority of the taxable inhabitants of said proposed Village of Hollister.
2. That inhabitants to the number of two hundred or more are actual residents of the territory described in said petition.
3. That said petition designated the name which said inhabitants and petitioners wished to assume as the Village of Hollister.
4. That said petition describes the boundaries of said Village and designates the metes and bounds thereof, which description is identical with the metes and bounds thereof designated in the following order. The following order was then entered;

The village of Hollister is hereby declared and ordered incorporated, the said Village to be known as the "Village of Hollister" with boundaries designated and described by metes and bounds as follows:

Minutes of Special Joint Meeting, Board of County Commissioners
and Buhl Highway District, Buhl, Idaho, Wednesday March 7th, 1917.

All members were present.

On motion of Mr Ostrom, Mr O. W. Carlson was elected Chairman of meeting. Suggestion was offered by Mr W.H. Harvey that Mr Fox explain to meeting his survey of Lilly trail- Salmon River grade. Mr Fox explained fully and a general discussion of the matter was indulged in. Mr Fox was requested to state the cost of grade on each side of Salmon River, he reported the cost on south side would be \$5,574.90 and on north side \$13,904.70 total \$19,476.60.

Motion was made by W.H. Harvey, second by Mr Moore that County Commissioners Buhl Highway Dist. and town of Jarbidge each appoint one man, making a committee of three, with instructions to go over the various routes between the U.S.L. Ry and Jarbidge for the purpose of making a reconnoissance, after which a report should be made to joint meeting of County and Buhl Highway Dist. Commissioners, recommending the most feasible and practicable route. Motion carried.

It was the sense of meeting that the general public should be invited to this coming meeting so that all interested parties or communities could have an opportunity to present arguments for or against any particular route to Jarbidge.

It was agreed that this Committee would not be appointed until communication could be had with Jarbidge on the subject and a date set for the trip.

The Commissioners now went into executive session when a further discussion of the whole Jarbidge road matter was had. Moved by Mr Carlson seconded by Mr Molander that Mr A.E. Fox be engaged to make survey of present Castleford crossing grade to determine beyond question the merits of this crossing in comparison with the recent survey on the Lilly trail. Motion carried. Moved by Carlson second by Childs that County and Buhl Highway Dist. divide equally the expense of survey of Castleford crossing. Motion carried.

There being no further business to come before the Board, meeting adjourned.

hereby certify the foregoing to be a full,
true and correct copy of the original.
